

Despedida (New Year's Eve)

M.Zenón
Esta Plena

-Coro-

Let's Celebrate New Year's
At Tito and Mariana's
We'll get there tonight
But won't leave until tomorrow

-Coro 2-

Look who's here, at the Party
(Things are getting pretty crazy)
Everyone is having a blast
(And People are coming in by the bunch)
We can already hear the *Panderos*
(And all the *Pleneros* are here)
Look who's here.....

This is starting to heat up
All the guys are here
Richard, Jokito and Lagarto
Are getting the Party started
Let's get the band organized
Go and get *Ricardo Pons*
So he can pull out his saxophone
And get this really going
So that everyone can hear my Plena
From *San Juan* all the way to *Japan*

-Coro-

Omar Silva from *Cultura*
And *Amed* from *La PVC*
Even *Javier Curet* is here
So many heavy characters
David Sanchez, as crazy as it sounds
They're saying he wants to leave
That's something I won't allow
We have to force him to stay
That's why we're gonna start singing
A *Coro* that goes like this:

David, David
David, David
Don't chicken-out
Why are you leaving?
Don't be such a....

-Coro-

Awilda, always wearing her hat
Is already bustin' some moves
And *Elliott Castro*, while no ones looking
Is drinking-up all the *pitorro*
Put the *Pandero* back in the case
We have to end this thing now
Otherwise no one will leave
I'll have to kick them out
Or maybe at this point
I should just go make breakfast for everyone

Look who's here...
